INVISIBLE MAN

I'm right beside you.
You're leaning on me.
Nobody knows I'm there.
I'm right behind you.
I'll catch you if you fall.
Nobody knows I'm there.
I'm the one who clears the path for you.
The one who helps you dream.
The one who's always present
when you're in need.
I'm standing right in front of you.
Nothing gets past me.
You don't even know I'm there.

I'm the invisible man.
I'm the invisible man.
I'm standing right in front of you.
Nothing gets past me.
I'm the invisible man.

I take your hand and gently guide you.
You don't even know I'm there.
When danger lurks,
I'm the one who hides you.
Nobody knows I'm there.
I'm the one with the wherewithal.
The one who holds the keys.
The one who keeps your boat afloat
on the stormy seas.
I'm standing right in front of you.
Nothing gets past me.
You don't even know I'm there.
